**DTM**  
**Packaging, LLC**

*Packaging/Bottling Machinery  
and Engineering Services*

## **COMPLETE GUARDING SYSTEMS**

### **Welded Stainless Steel or Aluminum Frames**

### **Clear Lexan Doors**

### **Door Safety Switches**

#### **BENEFITS:**

- Cost effectively brings existing machinery up to guarding safety standards, at a time that is convenient to you.
- Enhances the safety of your employees while improving the working environment.
- Quick installations minimize machine downtime and costly production interruptions.
- Barrier guards help avoid costly, and time consuming, product liability issues.
- Our designs modernize even the roughest looking equipment, helping to improve the appearance of your production area.

#### **FEATURES:**

- OSHA approved materials and design concepts used.
- Barrier protection for your employees.
- Operator/mechanic friendly designs that provide safety and accessibility.
- Safety interlocks on all doors.
- Quick and easy fitting done in the field or at our facility.
- Flexible designs to meet specific facility requirements.

#### **OPTIONS:**

- Gull wing doors.
- Interlocks for Nema 4 and Nema 7 environments.
- Conveyor guards.
- Tinted panels.
- Stainless Steel Cladding.

### **PROVIDING GUARDING PACKAGES FOR VIRTUALLY ANY INSTALLED MACHINERY**
